

# Introduction

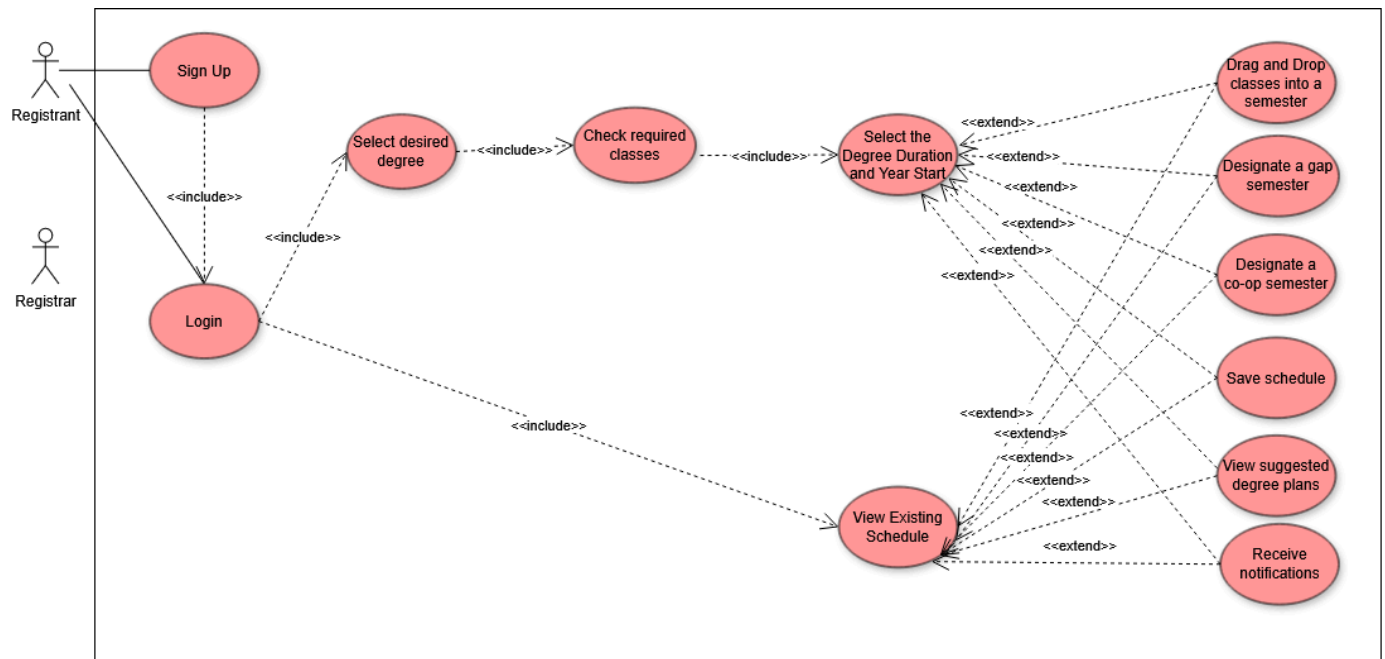

The purpose of the software is to aid students (Registrants) and staff(Registrars) in course planning for an entire degree.

## User Roles and Actors

- **Registrants (Student)** — can create an account, can choose a degree plan, manage their degree plan, designate co-op semesters or gap semesters, view degree suggestions, receive notifications about their degree
- **Registrars (Staff)** — can create an account, create and modify degree plans, create and modify classes, view scheduling data
